

# LET'S GET TO KNOW ME !

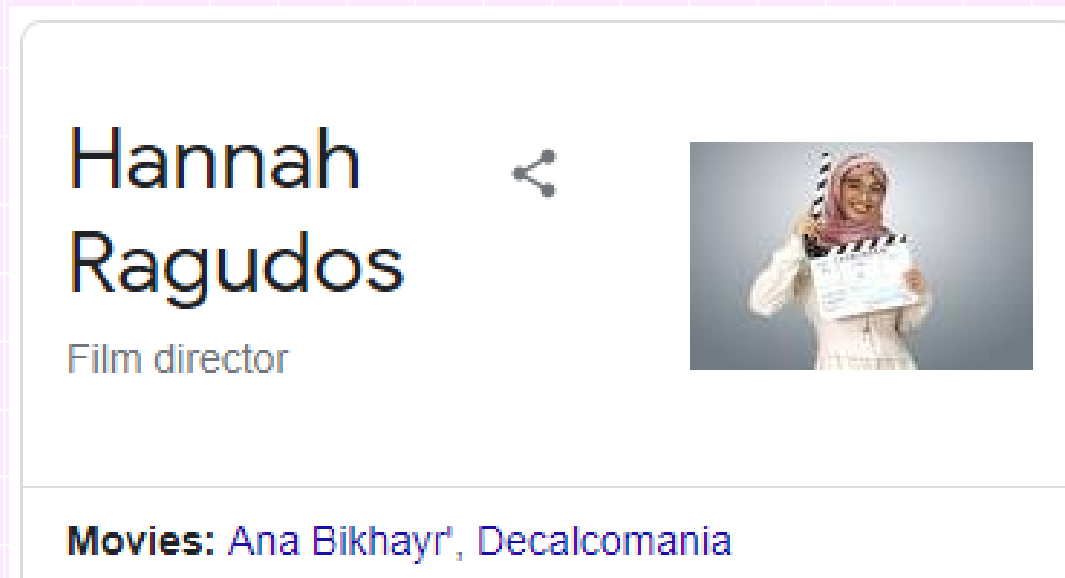

A JOURNEY TO THE MAP OF MY SOUL

A presentation to introduce quick fun facts about myself

1

# INTRODUCTION

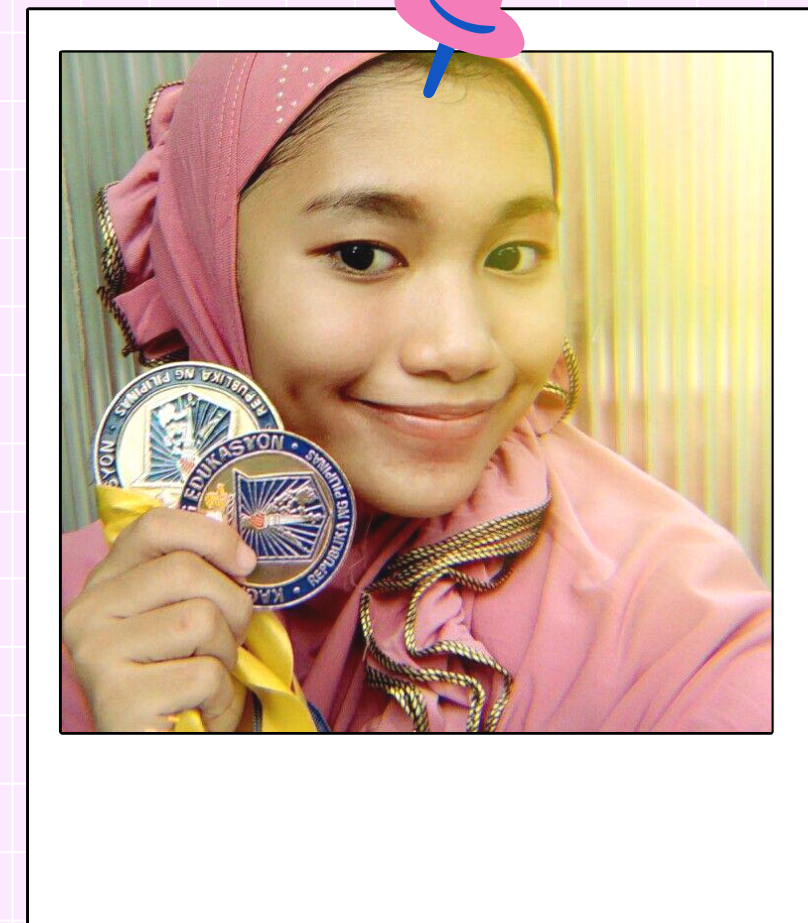

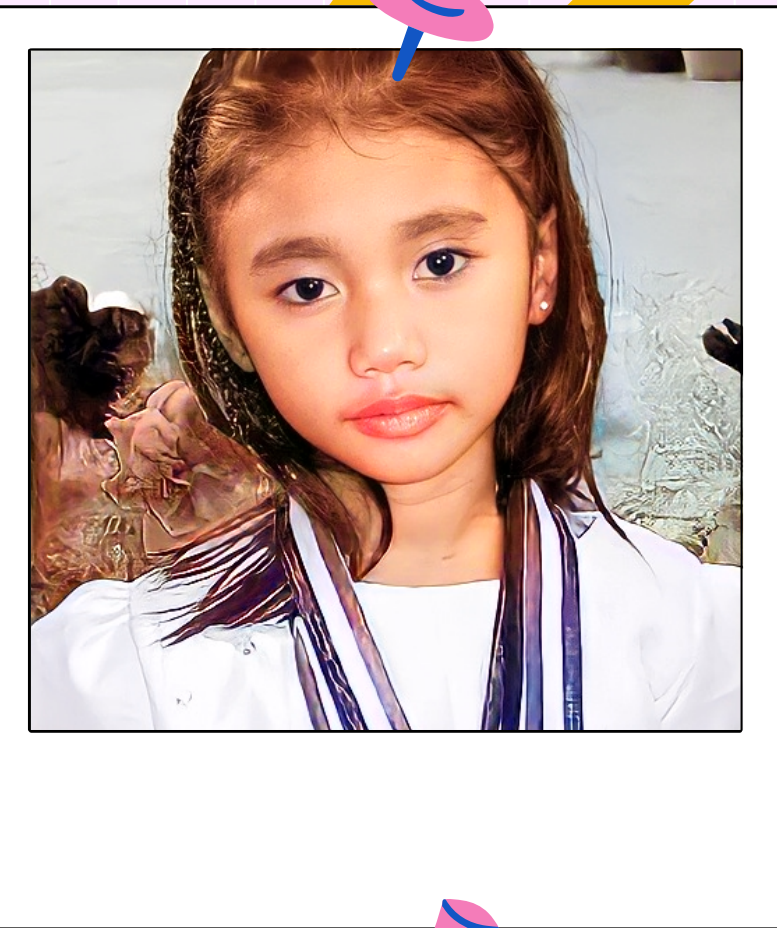

I am **Hannah Tabaquero Ragudos**, an acclaimed **Muslim filmmaker** from the North. I am 18 years old, born on **March 3, 2004**. I am from **Alaminos City, Pangasinan**, home of the famous **Hundred Islands**, and currently staying here at **Baguio City, Benguet**, home for the **City of Pines**. I moved out to pursue my dream to become a **UX Designer** and **Software Engineer** someday.

2

# EDUCATION

I finished my elementary education at **Popantay Elementary School** and graduated secondary at **Alaminos City National High School**. I am currently taking **BS Computer Science** at **Saint Louis University** for it is one of the recognized center of excellence for IT and is the best university of the north.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

③

## FAMILY BACKGROUND

I grew up in a **faith-centered loving** family grounded with **Islamic Values**. I am the **second eldest** among five siblings. My mother is an *elementary school teacher*, and my father is an *elementary school principal*. They raised me **well-rounded** and **beloved, humble** and **people-centered**.

4

# HOBBIES

1

## FILMMAKING

Film Directing and creating films is one of my greatest coping mechanism. With filmmaking I am able to express myself freely

2

## WRITING SCREENPLAYS

When it's my free time, I write screenplays for film, where it tackles issues and represent the under represented

3

## GRAPHIC DESIGNING / LAYOUTS

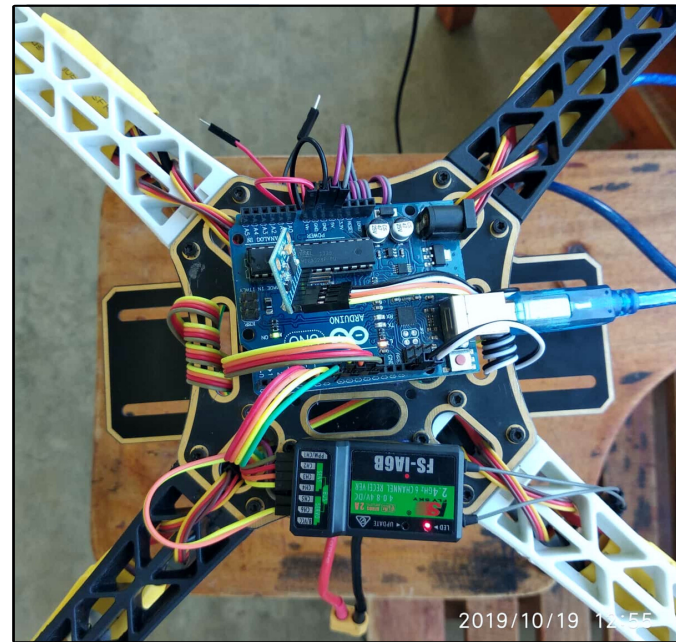

I am the best when I am doing layouts and designing, which made me aspire to become a Web Designer or UX Designer someday.

5

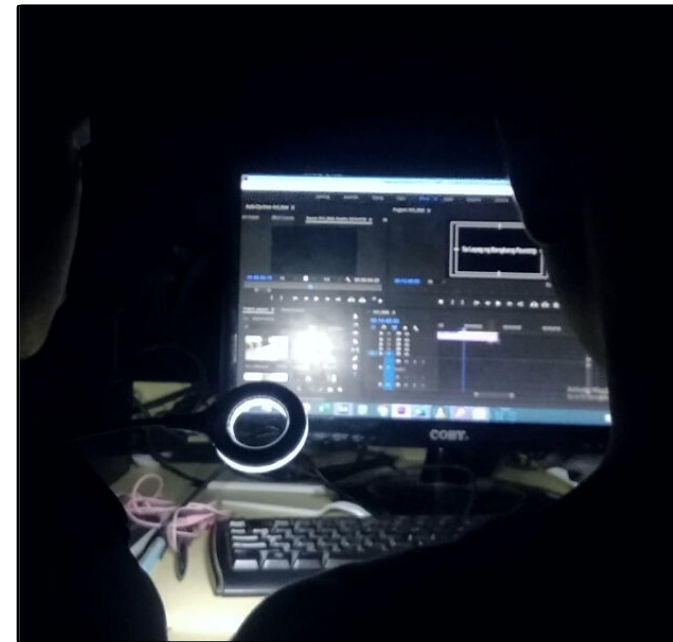

# EXPERTISE

ROBOTICS/RESEARCH

DIRECTING

EDITING

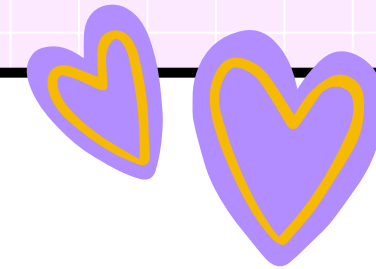

COMMUNICATION

CINEMATOGRAPHY

PROGRAMMING

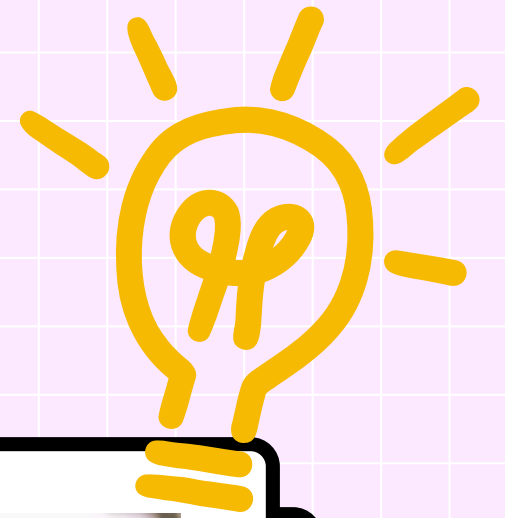

- I am able to conduct a research regarding automated drones
- I am able to direct three films
- I am good at video editing using Adobe Premiere Pro and Wondershare Filmora
- I am good at public speaking
- I am good at operating cameras and getting shots and angles
- I am able to program using Arduino IDE and IntelliJ IDEA IDE

# FILMS

( I WRITTEN AND DIRECTED )

EXT. HAGDANAN - HAPON

Aakyat si Basha (14), maliit, kayumanggi, naka-uniporme at naka-itim na hijab, sa hagdan at mauupo sa pangatlong hakbang. Nakauniporme siya at may suot na itim na hijab. Maglalabas siya ng itim na papel. Itutupi niya ito sa gitna at gagawa ng tatsulok mula roon. Patuloy lang siyang maqtutupi hanggang sa makagawa ng isang papel na bangka. Nang matapos siya ay tititignan niya lang muna ito at saka niya ito pupulutin at aalis.

EXT. FOUNTAIN - HAPON

Nakaluhod si Basha sa harap ng fountain. Ilalagay niya ng bangkang papel sa may tubig sa fountain. Mangangalumbaba ito at papanuorin lang na palutang-lutang ang bangkang papel. Pupulot siya ng bato at ilalagay ito sa bangkang papel. Lulubog ito at mangangalumbaba uli si Basha. Mapapatingin siya sa tubig at aalis sa pagkakaalumbaba niya. Ayos siya ng upo at ipupwesto ang mga kamay at idadantal niya ang ulo niya sa kanyang braso habang nakatingin parin sa tubig. Nakikita niya ang refleksyon niya sa tubig. Isasaw niya ang hintuturo niya sa tubig at agad ding babawin.

BLACKSCREEN

EXT. PATHWAY - UMAGA

May tatlong lalaking naka-uniporme sa gilid ng pathway. Ang isa (14), matangkad at maputi, ay nagdidilig ng halaman gamit ang hose kasama ang pangalawa (15), kayumanggi at matangkad, na gumagamit ng tabo. Nagdidilig ang dalawa ng mga halaman sa plant box na nasa tabi ng daan. Ang pangatlong lalaki (14), kayumanggi at maliit, naman ay nakatayo lang at may hawak ng cellphone.

Biglang lalapit yung unang lalaki sa pangalawa at may ibubulong at ituturo. Lalapit ang pangalawang lalaki kay Basha at hahawakan sa braso. Kukunin nung unang lalaki ang timbang may tubig. Manlalaki ang mga mata ni Basha, nakauniporme at dilaw na hijab, at magpupumiglas ito. Bubuhusan ng tubig si Basha ng unang lalaki. Babagyang matitigilan si Basha at marahas na magpupumiglas at tatakbo papalayo. Magtatawanan ang mga lalaki at ang pangatlong lalaki na may hawak ng cellphone ay tinututok na pala kay Basha na tumatakbo palayo. Dinuduro duro niya si Basha habang pinagtatawanan.

BOY 1  
Basha-ng sisiw! Hahaha.

1 EXT. TABING - DAGAT - HAPON 1

(INSERT CINEMATIC BARS)

Maglalakad ang isang babaeng muslim (19, aktres, nakasuot ng asul na floral dress, nakahijab ng kulay itim, may suot na kwintas na charms ay bangka, at naka-anklet na paro-paro), dala-dala ang mga materyales sa pagpipinta, at tutungo sa ilalim ng puno. Ilalapaq niya ang mga materyales at iseset-up ang canvas na de-tupi sa maliit na imesahan.

Kukuhanin niya ang paintbrush at magsisimulang ipinta ang kalahating bahagi ng paro-paro sa kabilang bahagi ng canvas gamit ang kulay na asul. Tutuplin niya ang canvas, at ilalapat sa blangkong banda ng canvas ang kaniyang ipininta (Decalcomania Butterfly Art - Decalcomania is a blotting process whereby is squeezed between two surfaces to create a mirror image). Makikita ang final painting ng asul na paro-paro.

INSERT TITLE CARD OVER IMAGE: FARASHA

Kasabay ng pagpapakita ng painting ay ang hindi inaasahang pagbuhos ng ulan. Patuloy lamang siya sa paggawa at hindi alintana ang tubig na bumubuhos sa kaniya at sa kaniyang gawa. Ngunit dahil sa malakas na buhos ng ulan, mawash-out ang kanyang ipinintang decalcomaniang paro-paro. Unti-unting magpapakita ang imah ng Rorschach (projective psychological test) o inklots (puti at itim) ng ipinintang paro-paro. Iikutin niya ito ng 90 degrees. (Sa likod ng makulay nitong outer appearance, ay ang dilim na bumabalot sa kaniyang loob)

(REMOVE CINEMATIC BARS)

Sisigaw si Farasha (16, muslim na manunulat at direktor ng pelikula, nakasuot ng film festival shirt, naka-leggings, nakahijab ng kulay puti at may suot na bracelet na ang charms film clapper at bangka), hudyat na tapos na ang shoot.

FARASHA  
And cut! Okay, guys! Pack up na!

ZOOM OUT AND PAN TO:

2 EXT. TABING DAGAT - HAPON 2

Makikita ang mga tao sa likod ng pelikula (ang direktor na si Farasha at ang kaniyang pitong kasamahan, nasa 15-19 na taong gulang, naka-uniform ng film festival shirt, at nakahawak ng

Written by Hannah Ragudos

I started my filmmaking career in a **film camp**, when I was in **9th grade**. My films are always about my **personal experiences**. The short film **Ana Bikhayr** is all about when I am used to be a nobody, getting bullied for my religious affiliation. The experimental film **Decalcomania** (Parallel Universe), on the other hand, is all about when I am finally known and facing my shadow as a filmmaker. And my recent film **Farasha** about my life during pandemic where I am deprived of doing my passion.

# WORK EXPERIENCE

1

I am one of the Philippine representatives in the field of filmmaking for various international film festivals

2

I have worked with internationally and critically-acclaimed and award-winning film directors in the country

3

Our film production is an organization in my former school that consists of students which I work with

4

I was able to conspire my ideas with GMA Teleserye Director, Zig Dulay, and iWant TV Series Director, Carlo Catu

# MAJOR ACHIEVEMENTS

## INTERNATIONAL TEEN SHORT FILM FESTIVAL (BEIJING, CHINA)

- Best International Experimental Short Film
- Best Editing

# SWOT

## Strength

- Able to adapt environment very well
- Passionate in every work
- Creative thinker
- Tech savvy

## Weakness

- Short attention span
- Prefer working alone
- Sensitive
- Impulsive
- Emotionally-driven
- Overthinking

## Opportunity

- Gain essential knowledge about CS
- Attend webinars to develop new skills
- Build professional connections

## Threat

- Difficulty in socializing with other people
- Not able to present ideas clearly
- Rapid change of the industry

# ⑦ MY 2026 VISION BOARD

CINEMALAYA

INTERNATIONAL-ACCLAIMED  
FILM DIRECTOR

SILICON VALLEY

UX DESIGNER

I will pursue my passion for filmmaking while being practical with my dream job.

I will achieve these once I render my service and graduate

My intentions will create my reality  
Insha Allah  
( if God wills )

1

The film I will write and direct in the future will be a finalist in Cinemalaya 2026

2

I will pursue my dream to become a UX Designer at Silicon Valley through international certifications and getting masters degree abroad.
